All these "Celebs" and important people 😳, who claimed loudly they had Coronavirus and made a big show of it. Actually had a mild form. They got it when the were VACCINATED. Similar to when people get a flu shut, a vaccine, and get a mild case of the flu.

But wait a minute? How did they do that? There is no vaccine. Not yet🤔
Billions are being poured into fast vaccine research to develop something that already exists?🤔

The evil players thought it would spread more quickly, would be a much bigger epidemic. So the "important"

people ,not us, were protected. This accounts for the abnormally high infection rate in the "Hollywood sector" a different kind of "A list". The famous also had another job, to scare the regular people into submission. "Wow if a rich special Hollywood star can get Covid, what

chance do I have? I better stay home!" Now that the curve is flattening out, and their plans aren't going the way they hoped, We haven't seen any recent celebrity "Covid coming out parties have we?" Now the focus has shifted to extending the lockdown and manipulating

the election, rolling mail in ballots etc.
The Covid vaccine is detectable in the blood and specific enough that it can be distinguished from antibodies developed from standard Covid recovery.
So who received this vaccine? Initially it would lower your immunity so isolation would

be needed, vacation, recess, etc. Then you would be immune while the country got sick and died.
Did certain members of Congress/Senate get vaccinated? Hoping to decimate the "other side", or hoping it would spread to the President? How did Fauci know the President would face

this in his first term? That is a very specific "prediction". Or was it a boast? Since he is tied to the specific research and labs involved in Coronavirus research, and those that fund it.
And now there are "samples" missing, and in the hands of terrorists, YES.

Samples gone "missing" that were previously labeled "destroyed" from the same place that worked on Coronavirus research here in the states. I'm told they are waiting for President Trump to reopen the economy, then they spread it nation wide, lots of infections/deaths. And they

blame Trump for mishandling everything as usual. I know where the samples leaked from and where some are, I am trying to make contact with legitimate Federal authority.

Testing, all we hear about is testing. Mandatory testing is coming. If they demand it of me I demand Congress/Senate, and all those "special people" be tested first. They had a vaccine already, more could be made now, saving lives, but it's always about them, not us.

If they won't test why should We? They work for us after all.
If /when they are tested and shown to have received a vaccine for this supposedly "unknown bat soup virus" what

then?
Is this an extension of the Coup on the President? With help from their Chinese masters?

An act of war? By China? Or the start of Civil War II ? By trying to infect, and remove, their political opponents and take over the country. Huge questions, bigger ramifications.

They have no power, only authority, and that can be removed , soon. I will not comply with any of their mandatory testing or vaccinations, or as they call it, phase 3. Too much of their overall plans are known to think this was a "accident", too much is known to blindly

accept their word, count on their "experts 🙄". Too much is at stake not to question everything and defend ourselves and Our Country at all costs. 🙏🙏🙏

2/ Netflix reportedly holds the right to keep renewing these shows, irrespective of Disney's preferences. Disney may be entering Netflix's territory with Disney+, but that didn't drive the cancellations. Netflix was making a rationale decision based on quality, cost, viewership

With the talk of "phased" reopening the DS is all a quiver. They don't want the economy to recover, and if the country is opened how do they continue the threat?🤔

More later. Can anyone tell I'm bored? How long is she going to carry it around? 😬

Maryland has a lot of "halfway houses", such as VOA. These are for prisoners, mostly Federal, who have been released early, for whatever reason. These houses receive a lot of federal funds to house, treat, and reintegrate these people back into society.

These halfway houses across Maryland are emptying out, for safety because of having a lot of people in close proximity, and moving them all into hotels. Another building with a lot of people in close proximity 😳
